INDEX

1993 INDEX — VOLUME 38

A

Addressing Safety-related Recommendations. *Ram K. Goyal.* Dec. pp. 24-27.

Analysis of Construction Accidents: The Workers' Compensation Database. *Charles Culver, Michael Marshall and Constance Connolly.* March pp. 22-27.

Applying Statistical Process Control to Safety. *Phil Esposito.* Dec. pp. 18-23.

ASTM Guidance: Site Assessment for Commercial Real Estate Transactions. *Charles Crealese and James Hedley.* April pp. 40-41.

Automatic Sprinkler Systems Cost-benefit Analysis. *Brian M. Marvin.* July pp. 16-19.

B

Back Injury: Causes, Prevention, Treatment. *Ken L. Donajkowski.* Sept. pp. 21-26.

Backflow Prevention: How It Compromises Loss Control. *Mark Bromann.* April pp. 37-39.

C

Company-specific Safety Information: Getting it Together, Getting it Done. *Susan R. Gilbert.* June pp. 44-47.

Confined Space Entry: An Overview. *Jim Roughton.* Sept. pp. 27-34.

Construction Site Safety: A New Era. *Charles E. Paulson.* May pp. 43-48.

Containing the Fireball. *Robin Burton.* March pp. 33-34.

Contract Specs for Indoor Air Quality Investigations. *Timothy J. Ryan.* July pp. 20-23.

Coordinating Regulatory Compliance Programs. *Robert Eckhardt.* Nov. pp. 16-20.

Cumulative Trauma Disorders: The Newest Business Liability. *Jim Roughton.* July pp. 29-35.

D

Design and Selection of Small-scale Systems. *David B. Mahone.* Nov. pp. 21-23.

Developing a Safety Incentive Program. *Richard D. Hislop.* April pp. 20-25.

E

Electromagnetic Fields: Scientific, Public Policy and Insurance Issues. *Richard T. Gordon.* Feb. pp. 30-32.

Engineering Design for Safety. *Mark D. Hansen.* Oct. pp. 36-39.

Evaluation of Quick-fix Solutions to Cumulative Trauma Hazards. *David B. Mahone.* Sept. pp. 16-20.

F

Forklift Safety Training: Tips for Improving Your Program. *George Swartz.* Jan. pp. 16-21.

G

Good Offices: How to Keep the Worried Well. *Ted Jean.* Nov. pp. 33-36.

H

Hazard Ratings of Flammable and Toxic Vapors. *Ray L. Hauser, Rodney B. McKeever, Julie Krause-Singh and John A. Elverum.* July pp. 24-28.

HAZOPs in Industry. *Ram K. Goyal.* Aug. pp. 34-37.

Heat Stress and Chemical Workers: Minimizing the Risk. *John S. O'Connor II and Kim Querrey.* Dec. pp. 35-38.

Hot Work Fire Safety. *G. Lee Clark.* Dec. p. 39.

How Toxic Are You? *S. Ed Zakrzewski.* April pp. 26-30.

I

Implementing the Behavior-based Safety Process in a Union Environment: A Natural Fit. *Thomas R. Krause and John H. Hidley.* June pp. 26-31.

Improve Safety Program Effectiveness with Perception Surveys. *Chuck Bailey.* Oct. pp. 28-32.

In Search of . . . Life Safety Goals for Building Codes. *Bert M. Cohn.* April pp. 16-19.

Incident Reporting: A Vital Part of Quality Safety Programs. *George Swartz.* Dec. pp. 32-34.

Indoor Air Pollution: Recommendations to Management and Owners. *Paul R. Lees-Haley.* Oct. pp. 33-35.

Integrating a Total Quality Management System Into Safety and Health Programs. *Jim Roughton.* June pp. 32-37.

L

Liability, OSHA and the Safety of Outside Contractors. *Vincent A. Gallagher.* Jan. pp. 26-33.

M

Management of Hazardous Materials in Mining and Industrial Environments. *Daniel E. Della-Giustina.* May pp. 34-38.

Mission-oriented Risk Assessment. *Peter F. Strohm and Gregory S. Opheim.* June pp. 38-43.

O

Occupational Electrocutions: Investigation and Prevention. *Virgil J. Casini.* Jan. pp. 34-39.

On Becoming a Profession *Fred A. Manuele.* Oct. pp. 22-27.

P

Personal Communication Technology for Safety. *Rand G. Ellis.* Feb. pp. 39-41.

Preventing Accidental Releases of Hazardous Substances. *J.D. Brown.* Aug. pp. 23-27.

Process Safety Management: An Implementation Overview. *Jim Roughton.* Aug. pp. 28-33.

Process Safety Management: An Overview of 1910.119 from a Hazardous Waste Facility Perspective. *Kevin E. Kearney.* Aug. pp. 16-22.

Promotional Products in Safety Programs *George Matteson.* Nov. pp. 31-32.

Protection for the Hazardous Waste Site Worker: Safety and Health Plan Development. *Jim Roughton.* Feb. pp. 33-38.

Putting Color to Work: Create a Safer Work Environment. *Linda Trent.* Jan. pp. 22-25.

Q

Quality and Ergonomics: The Team Approach to the Occupational People Factor. *James P. Kohn and Mark A. Friend.* May pp. 39-42.

R

Rail/Highway Grade Crossings: An Overview of Design, Operation and Accident Investigation. *J. Peter Cunliffe.* Feb. pp. 18-23.

Recovery for Increased Risk of Cancer in Asbestos Cases. *Judith Stilz Ogden.* April pp. 31-32.

Reducing Falling Hazards on Fire Trucks. *William English.* Sept. pp. 35-38.

Reevaluating Occupational Safety Priorities: 1967-1992. *Thomas W. Planek and Kevin T. Fearn.* Oct. pp. 16-21.

Robotics in Industry: A Safety and Health Perspective. *Paul D. Scheel.* March pp. 28-32.

S

Safety Management: A Call for (R)evolution. *Larry Hansen.* March pp. 16-21.

Safety Professional in the Corporate Social Structure, The. *Robert Eckhardt.* May pp. 31-33.

Should Electric and Magnetic Fields Be Regulated? *Rob Thompson.* Dec. pp. 28-31.

Should Engineering Schools Address Occupational and Environmental Safety and Health Issues. *H.R. Kavianian, N. Meshkati, C.A. Wentz and J.K. Rao.* June pp. 48-49.

Simplified System Safety. *Bruce A. Brown.* Feb. pp. 24-29.

V

Vehicle Short Circuit Fires and Their Prevention. *Frederick F. Franklin.* Aug. pp. 38-39.

W

Workers' Compensation. *Jim Roughton.* Nov. pp. 24-30.

Workers' Compensation Fraud. *Samuel Cahan.* Sept. pp. 39-40.

Workers' Compensation. *Jim Roughton.* Nov. pp. 24-30.

Workers' Compensation Fraud. *Samuel Cahan.* Sept. pp. 39-40.

AUTHOR INDEX – 1993

B
Bailey, Chuck .....Oct. pp. 28-32
Bromann, Mark .....April pp. 37-39
Brown, Bruce A. .....Feb. pp. 24-29
Brown, J.D. .....Aug. pp. 23-27
Burton, Robin .....March pp. 33-34

C
Cahan, Samuel .....Sept. pp. 39-40
Casini, Virgil J. .....Jan. pp. 34-39
Cohn, Bert M. .....April pp. 16-19
Connolly, Constance .....March pp. 22-27
Crealese, Charles .....April pp. 40-41
Culver, Charles .....March pp. 22-27
Cunliffe, J. Peter .....Feb. pp. 18-23

D
Della-Giustina, Daniel E. ...May pp. 34-38
Donajkowski, Ken L. .....Sept. pp. 21-26

E
Eckhardt, Robert .....May pp. 31-33
Eckhardt, Robert .....Nov. pp. 16-20
Ellis, Rand G. .....Feb. pp. 39-41
Elverum, John A. .....July pp. 24-28
English, William .....Sept. pp. 35-38
Esposito, Phil ..... Dec. pp. 18-23

F
Fearn, Kevin T. .....Oct. pp. 16-21
Franklin, Frederick F. .....Aug. pp. 38-40
Friend, Mark A. .....May pp. 39-42

G
Gallagher, Vincent A. .....Jan. pp. 26-33
Gilbert, Susan R. ..... June pp. 44-47
Gordon, Richard T. .....Feb. pp. 30-32
Goyal, Ram K. .....Aug. pp. 34-37
Goyal, Ram K. ..... Dec. pp. 24-27

H
Hansen, Larry .....March pp. 16-21
Hansen, Mark D. .....Oct. pp. 36-39
Hauser, Ray L. ..... July pp. 24-28
Hedley, James .....April pp. 40-41
Hidley, John H. ..... June pp. 26-31
Hislop, Richard D. ..... April pp. 20-25.

J
Jean, Ted .....Nov. pp. 33-36

K
Kavianian, H.R. ..... June pp. 48-49
Kearney, Kevin E. .....Aug. pp. 16-22
Kohn, James P. .....May pp. 39-42
Krause, Thomas R. ..... June pp. 26-31
Krause-Singh, Julie ..... July pp. 24-28

Zakrzewski, S. Ed .....April pp. 26-30

for your INFORMATION

The 1980–1993 CUMULATIVE INDEX IS HERE!

Updated version features a complete **Author Index** and lists more than 900 articles by subject. All for only $18.00 plus $3.50 shipping/handling.

Visa/MC orders: Call (708) 692-4121, ext. 18 or Fax to Dept. F, (708) 296-3769. Or, send checks, made payable to ASSE, to Dept. F, ASSE, 1800 E. Oakton St., Des Plaines, IL 60018-2187.

SUBJECT INDEX – 1993

FIRE PROTECTION
Automatic Sprinkler Systems Cost-benefit Analysis. Brian M. Marvin. July pp. 16-19.
Backflow Prevention: How It Compromises Loss Control. Mark Bromann. April pp. 37-39.
In Search of . . . Life Safety Goals for Building Codes. Bert M. Cohn. April pp. 16-19.

MANAGEMENT ASPECTS

Accident Investigation
Rail/Highway Grade Crossings: An Overview of Design, Operation and Accident Investigation. J. Peter Cunliffe. Feb. pp. 18-23.
Accident Investigation and Analysis. Frederick F. Franklin. Aug. pp. 38-40.
Incident Reporting: A Vital Part of Quality Safety Programs. George Swartz. Dec. pp. 32-34.

Behavior-based Management
Implementing the Behavior-based Safety Process in a Union Environment: A Natural Fit. Thomas R. Krause and John H. Hidley. June pp. 26-31.

Communications/Presentations
Company-specific Safety Information: Getting it Together, Getting it Done. Susan R. Gilbert. June pp. 44-47.

Human Factors
Design and Selection of Small-scale Systems. David B. Mahone. Nov. pp. 21-23.
Engineering Design for Safety. Mark D. Hansen. Oct. pp. 36-39.

Legal Issues
Liability, OSHA and the Safety of Outside Contractors. Vincent A. Gallagher. Jan. pp. 26-33.
Recovery for Increased Risk of Cancer in Asbestos Cases. Judith Stilz Ogden. April pp. 31-32.

Professional Development
On Becoming a Profession. Fred A. Manuele. Oct. pp. 22-27.
Safety Professional in the Corporate Social Structure, The. Robert Eckhardt. May pp. 31-33.
Should Engineering Schools Address Occupational and Environmental Safety and Health Issues? H.R. Kavianian, N. Meshkati, C.A. Wentz and J.K. Rao. June pp. 48-49.

Program Development
Applying Statistical Process Control to Safety. Phil Esposito. Dec. pp. 18-23.
Coordinating Regulatory Compliance Programs. Robert Eckhardt. Nov. pp. 16-20.
Developing a Safety Incentive Program. Richard D. Hislop. April pp. 20-25.

Forklift Safety Training: Tips for Improving Your Program. George Swartz. Jan. pp. 16-21.
HAZOPs in Industry. Ram K. Goyal. Aug. pp. 34-37.
Hot Work Fire Safety. G. Lee Clark. Dec. p. 39.
Incident Reporting: A Vital Part of Quality Safety Programs. George Swartz. Dec. pp. 32-34.
Process Safety Management: An Implementation Overview. Jim Roughton. Aug. pp. 28-33.
Process Safety Management: An Overview of 1910.119 from a Hazardous Waste Facility Perspective. Kevin E. Kearney. Aug. pp. 16-22.
Promotional Products in Safety Programs. George Matteson. Nov. pp. 31-32.
Protection for the Hazardous Waste Worker: Safety and Health Plan Development. Jim Roughton. Feb. pp. 33-38.
Workers' Compensation. Jim Roughton. Nov. pp. 24-30.

Risk Management/Loss Control
Mission-oriented Risk Assessment. Peter F. Strohm and Gregory S. Opheim. June pp. 38-43.

Safety and Health Management
Addressing Safety-related Recommendations. Ram K. Goyal. Dec. pp. 24-27.
Applying Statistical Process Control to Safety. Phil Esposito. Dec. pp. 18-23.
Improve Safety Program Effectiveness with Perception Surveys. Chuck Bailey. Oct. pp. 28-32.
Integrating a Total Quality Management System Into Safety and Health Programs. Jim Roughton. June pp. 32-37.
Liability, OSHA and the Safety of Outside Contractors. Vincent A. Gallagher. Jan. pp. 26-33.
Personal Communication Technology for Safety. Rand G. Ellis. Feb. pp. 39-41.
Quality and Ergonomics: The Team Approach to the Occupational People Factor. James P. Kohn and Mark A. Friend. May pp. 39-42.
Safety Management: A Call for (R)evolution. Larry Hansen. March pp. 16-21.

Safety Training and Education
Forklift Safety Training: Tips for Improving Your Program. George Swartz. Jan. pp. 16-21.

System Safety
Simplified System Safety. Bruce A. Brown. Feb. pp. 24-29.

Trends/Future Issues
Reevaluating Occupational Safety Priorities: 1967-1992. Thomas W. Planek and Kevin T. Fearn. Oct. pp. 16-21.
Safety Management: A Call for (R)evolution. Larry Hansen. March pp. 16-21.
Should Engineering Schools Address Occupational and Environmental Safety and Health Issues? H.R. Kavianian, N. Meshkati, C.A. Wentz and J.K. Rao. June pp. 48-49.
Workers' Compensation Fraud. Samuel Cahan. Sept. pp. 39-40.

Workers' Compensation
Workers' Compensation. Jim Roughton. Nov. pp. 24-30.
Workers' Compensation Fraud. Samuel Cahan. Sept. pp. 39-40.

OCCUPATIONAL SAFETY

Back Safety
Back Injury: Causes, Prevention, Treatment. Ken L. Donajkowski. Sept. pp. 21-26.

Confined Spaces
Confined Space Entry: An Overview. Jim Roughton. Sept. pp. 27-34.

Construction
Analysis of Construction Accidents: The Workers' Compensation Database. Charles Culver, Michael Marshall and Constance Connolly. March pp. 22-27.
Construction Site Safety: A New Era. Charles E. Paulson. May pp. 43-48.

Electrical
Occupational Electrocutions: Investigation and Prevention. Virgil J. Casini. Jan. pp. 34-39.

Facility Layout and Design
Putting Color to Work: Create a Safer Work Environment. Linda Trent. Jan. pp. 22-25.

Hazardous Materials
Hazard Ratings of Flammable and Toxic Vapors. Ray L. Hauser, Rodney B. McKeever, Julie Krause-Singh and John Elverum. July pp. 24-28.
Management of Hazardous Materials in Mining and Industrial Environments. Daniel E. Della-Giustina. May pp. 34-38.
Preventing Accidental Releases of Hazardous Substances. J.D. Brown. Aug. pp. 23-27.
Protection for the Hazardous Waste Worker: Safety and Health Plan Development. Jim Roughton. Feb. pp. 33-38.

Robotics
Robotics in Industry: A Safety and Health Perspective. Paul D. Scheel. March pp. 28-32.

Specific Industries
Containing the Fireball. Robin Burton. March pp. 33-34.
Reducing Falling Hazards on Fire Trucks. William English. Sept. pp. 35-38.

PRODUCT DESIGN
Vehicle Short Circuit Fires and Their Prevention. Frederick F. Franklin. Aug. pp. 38-40.

REGULATORY COMPLIANCE
ASTM Guidance: Site Assessments for Commercial Real Estate Transactions. Charles Crealese and James Hedley. April pp. 40-41.
Confined Space Entry: An Overview. Jim Roughton. Sept. pp. 27-34.
Coordinating Regulatory Compliance Programs. Robert Eckhardt. Nov. pp. 16-20.
Liability, OSHA and the Safety of Outside Contractors. Vincent A. Gallagher. Jan. pp. 26-33.
Preventing Accidental Releases of Hazardous Substances. J.D. Brown. Aug. pp. 23-27.
Process Safety Management: An Implementation Overview. Jim Roughton. Aug. pp. 28-33.
Process Safety Management: An Overview of 1910.119 from a Hazardous Waste Facility Perspective. Kevin E. Kearney. Aug. pp. 16-22.

WORKPLACE SAFETY

Ergonomics
Cumulative Trauma Disorders: The Newest Business Liability. Jim Roughton. July pp. 29-35.
Engineering Design for Safety. Mark D. Hansen. Oct. pp. 36-39.
Evaluation of Quick-fix Solutions to Cumulative Trauma Hazards. David B. Mahone. Sept. pp. 16-20.

Health Hazards
Contract Specs for Indoor Air Quality Investigations. Timothy J. Ryan. July pp. 20-23.
Electromagnetic Fields: Scientific, Public Policy and Insurance Issues. Richard T. Gordon. Feb. pp. 30-32.
Good Offices: How to Keep the Worried Well. Ted Jean. Nov. pp. 33-36.
Heat Stress and Chemical Workers: Minimizing the Risk. John S. O'Connor II and Kim Querrey. Dec. pp. 35-38.
Indoor Air Pollution: Recommendations to Management and Owners. Paul R. Lees-Haley. Oct. pp. 33-35.
Robotics in Industry: A Safety and Health Perspective. Paul D. Scheel. March pp. 28-32.
Should Electric and Magnetic Fields Be Regulated? Rob Thompson. Dec. pp. 28-31.

Slips and Falls
Reducing Falling Hazards on Fire Trucks. William English. Sept. pp. 35-38.

Toxicology
How Toxic Are You? S. Ed. Zakrzewski. April pp. 26-30.
